Scientific insight

Event Card

DARWIN DECK BETA

PLAY: Can be played at the beginning of a **TURN**. Does not count as an **ACTION**.

EFFECT: Player can **PICK UP** 2 extra cards and have 5 **ACTIONS** for this one **TURN**.

Image by Charles Darwin

Human influence

Event Card

DARWIN DECK BETA

PLAY: on 1 **SPECIES** card, and then discard.

EFFECT: The played **SPECIES** card is discarded immediately.

Image by Conrad Martens

Rough Seas

Event Card

DARWIN DECK BETA

PLAY: can be played immediately for below effect and then discarded.

EFFECT: All other players miss their **TURN**.

Image by Conrad Martens

Specimen preservation

Event Card

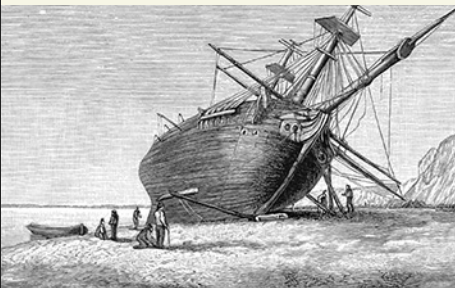

PLAY: You can play this card immediately after your opponent has played an **EVENT** card on one of your **SPECIES**.

EFFECT: Negates the effect of the **EVENT** card. Does not work on **EVENT** cards that are not played specifically on top of **SPECIES**.

Image by Owen Stanley

Beagle runs ashore

Event Card

DARWIN DECK BETA

PLAY: can be played immediately for below effect and then discarded.

EFFECT: All other players miss their **TURN**.

A 2x3 grid of six sticky notes. Each note has a white central area and a colored header and footer. The top row has purple, tan, and pink notes. The bottom row has light blue, light green, and light yellow notes. Each footer contains three small circular icons: an information icon, a refresh icon, and a close icon. The notes are separated by thick black borders.
